# CHAPTER 1

. **Key Vocabulary Differences** (LATAM vs. Spain)

In Latin America, we use specific words that will make you sound like a local immediately:

- Car: **Carro** / Auto (instead of "Coche")
- Apartment: **Apartamento** / Departamento (instead of "Piso")
- Cell Phone: **Celular** (instead of "Móvil")
- Juice: Jugo (instead of "Zumo")
- Computer: **Computadora** (instead of "Ordenador")

Pro Tip: Forget about "**Vosotros**". In Latin America, we always use "**Ustedes**" for the plural "you". It's much simpler!

## Survival Phrases for Travelers & Seniors

- "**¿Me podría ayudar, por favor?**" (Could you help me, please?)
- "**¿Qué me recomienda?**" (What do you recommend?) - Great for restaurants.
- "**¡Qué chévere / Pura vida / Bacán!**" (Cool! - Depending on the country).
- "**Me gustaría practicar mi español.**" (I'd like to practice my Spanish.)
